A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

HICKS' SEPTEMBER FORECAST.

A regular storm period covers the first week in September, being central on the 4th. A very threatening barometer, with high temperature, will appear in western extremes by the 3d and 4th and storms of much energy will sweep progressively over the country from the 4th to the 7th. The culmination will come on and touching the 7th. Seismic shakes will be probable in many parts of the globe within 48 hours of noon of the 7th.

A reactionary storm period comes close after the crisis of the first period. It is central on the 9th, 10th and 11th. Remember this is an annual crisis of magnetic unrest. Heavy storms of rain, hail, wind and thunder will move out of the northwest and be followed by great change to cooler, with probable frost.

A regular storm period from the 14th to 19th is one of great and almost certain severity. It is at the crisis of the autumnal equinox. The equinoxes of Jupiter and Saturn are in full force. Vulcun, Venus and Mercury are all central in disturbing energy, with moon passing from first quarter to full, at south declination and in perigee. This period—and this whole central part of the month—is full of perturbing causes and phenomenal possibilities. Hurricanes and cyclonic storms should be anticipated about the coasts, with sympathetic equinoctial tornadic storms over the interior. The chances are that general storms and atmospheric unrest will continue until after the 19th.

A reactionary storm period is central on the 20th, 21st and 22d. Many volcanic and seismic convulsions will also be reported within 48 hours of sunset on the 21st. At the wind up of this prolonged time of general and violent disturbances look for a phenominally high barometer, fierce northwesterly gales and a dash of almost early winter out of the northwest. The boreal change will lie approximately between the 21st and 25th. All the lake regions especially should beware of these storms and the change following.

A regular storm period covers the closing week in September. It is central on the 27th and its culminating days fall on the 27th to 29th. This period will bring its change to warmer, falling barometer and return of marked storm conditions. Chances are that September will be disturbed, if not phenomenally stormy and out of joint to the last.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Dsarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

FIFTEEN PEOPLE KILLED.

Fifteen persons were killed and about 50 injured yesterday in the head-on collision between an interurban express train, consisting of a motor car and a trailer, and a traction car on the Mattoon and Charleston Electric Line at a sharp curve one mile west of Charleston, Ill. A confusion of orders received over the telephone is said to have been the cause of the accident. The cars approached each other at high speed, and the impact was so terrific that the motor car and the trailer were telescoped by the traction car. Few passengers had time to escape by jumping. Most of the passengers were going to the Coles County, Fair at Charleston. The line on which the disaster happened is 12 miles long, running between Mattoon and Charleston, Ill., and has but a single track. Telephones are placed every two miles for orders to be transmitted to the cars passing over the road.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book, Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

SATURDAY EVENING, AUG. 31, 1907.

ANOTHER "prophet" has appeared in the land—this time in the Old Dominion. Rev. Thomas Clark, a veteran of the civil war, now living in Bristol, declares that he has experienced visions in which he has visited both heaven and hell. He says that the people generally have a wrong conception of the future after death. For instance, he says that he personally saw four devils, while the popular mind believes that there is only one. The "seer" predicts a bloody war between the years 1908 and 1910, but fails to name the countries which will be involved. He says that the year 1915 has been set aside in the divine scheme of things as the appropriate time for the second coming of Christ. Clark was a member of the Thirty-seventh Virginia Cavalry during the civil war.

THE MINISTERS' UNION, of Lacrosse, Wis., organized only a few weeks ago, and soon after affiliated with the trades and labor assembly, the supreme labor body of Lacrosse, was officially cast out Thursday by that body and refused permission to march in the Labor Day parade. This action was the result of complaints by the brewery workers, who claimed that the recent agitation against the saloons had resulted in an injury to the Brewery Workers' Union. The city labor body took up the complaints, and after a hearing decided that the crusade by the religious workers was to the harm of their fellow-unionists, and the official casting out followed. The ministerial union of Lacrosse is repeating the fruits of violating the command against being unequally yoked together.

RICHARD MANSFIELD, the actor, who died yesterday, once said to an interviewer:

I am nervous and high strung. With a hundred plays to study, with a thousand details to worry over, perhaps I become peevish and weighted down on the wrong side. The first man that comes along gets all in a volley, and, having fired it off, I feel relieved. Like a ship rolling under a heavy sea, I list to port, and, with the sea gone, I go to starboard again and all is fair sailing.

This is the feeling that often comes to men of action whose worries seem to comfront them on all sides.

W. T. DURBIN, governor of Indiana from 1901 to 1905, made the sensational statement in Indianapolis Thursday night that soon after his inauguration as governor attempts were made to bribe him to turn over William A. Taylor, Kentucky's refugee governor, to the authorities of that State for trial on the charge of conspiracy to assassinate Senator Goebel. The sum offered former Governor Durbin, according to his own statement, was $93,000 cash. Governor Durbin postponed making his confession too long.

THOUGH the congregation of the Pennsburg Pa., Baptist Church comprises but three members, they have been split into two fractions by a hot fight. A church was erected years ago when the congregation was in a more flourishing condition, but for some time there have been only three members. These maintained regular services, each filling the pulpit in turn. Recently a difference arose and two refused to attend the services. So the remaining member had to serve as pastor and congregation.

BECAUSE his wife insisted on continuing a quarrel, James Wright, a wealthy planter living near Commerce, Ga., took a rope, went into the yard, climbed a tree, fitted a noose about his neck, and dropped into space. He strangled to death in sight of his wife, who was pleading with him not to kill himself, and promising that she would not quarrel again. This sad affair should prove a lesson not only to wives but to husbands, also, who have no command of their tongues.

THE New York Board of Education has submitted to the Board of Estimate the school budget for 1908. The total sum asked for is $31,641,323. This is an increase of $6,000,000 over the expenditure of the current year. This is but an index of the vast amount of money spent annually in the United States for public education.

ENGINEERS say that the collapse of the great new bridge over the St. Lawrence river at Quebec, by which many persons lost their lives, was the result of a miscalculation of the tensile strength in some spot and the great weight of the span. If this is true some one has made a great blunder which will not be excused by either engineers or laymen.

THE AUTHORITIES of Paris are considering the advisability of again using the guillotine. Recently numbers of diabolical murders have occurred in the French capital, and it is believed the abolition of the decapitating machine has aided in multiplying such horrors.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 31.

A cablegram from U. S. Minister Gummere at Tangier, Morocco, received by the State Department today, says that the refugees from Fez arrived there yesterday. Their journey from the interior to the coast was accomplished without incident. They reported that two of the American missionaries had refused to leave Safra, a district of Tangier, and would remain there.

Arrangements have been concluded for the funeral of the late Rear Admiral W. A. Windsor, who died in New York yesterday. His remains will reach this city at three o'clock Sunday afternoon and will be interred in Arlington cemetery. The pallbearers will be Rear Admiral Henry N. Manney, Rear Admiral Asa Walker, Commanders Thos. Williamson, W. S. Smith and Wm. P. White and Capt. Charles W. Parks. A battalion of marines, a detail of sailors and a battalion of infantry under the command of Capt. E. F. Quatrough will be at the grave as an escort. There will be no escort from the station to the grave.

It is understod here that Attorney General Bonaparte has reached a decision to the effect that the Chicago and Alton Railroad earned its promised immunity by furnishing evidence for the government in the Standard oil cases at Chicago, and that the road will not be prosecuted for granting discriminatory rates to the Standard. It is expected that the formal announcement of the decision will be made next week.

President Roosevelt today announced the following appointments: Wm. M. Cutter to be Coiner of the Mint at San Francisco; August E. Winter to be Collector of Internal Revenue, for California; Edw. Sweeney to be Superintendent of Mint at San Francisco.

The construction of a temporary automobile and bicycle shed in the north court of the State, War and Navy building led to rumors today that the shed was being put up for the benefit of the "automobile officials" of the three departments.

"Nan" Patterson, who is in Washington, denies as false the dispatches from Los Angeles that her husband, Leon Martin, is to enter suit against her for divorce.

The story printed in a New York paper today, that President Roosevelt is negotiating for control of the New York Tribune is denied.

ROW IN AGRICULTURAL BOARD.

George W. Heater, chairman of the executive committee of the State board of agricultural, and J. H. C. Beverly and W. H. Eggborn, the other members of the committee, have issued a statement in connection with the recent organization of that department, in which they accuse Commissioner George W. Koiner with practicing expensive nepotism and using his public position for private gain.

The commissioner has made a heated reply, in which he flatly denies some of the statements made by the committee, quoting one member of the board as saying that "the plan of reorganization was a misnomer and should be called a a desire and purpose to humiliate the commissioner."

Czar to Visit St. Petersburg.

St. Petersburg, Aug. 31.—Czar Nicholas will pay his first visit to St. Petersburgh in two years, tomorrow, the occasion being the dedication of the church erected to the memory of his grandfather, Emperor Alexander II., who was assassinated by a bomb thrower in March, 1881. The greatest precautions have been taken to guard the Czar during his visit to his capital. Every effort was made to dissuade the Czar from making the trip, and his advisors, in a frank manner, told him they feared he will never return alive. He was obdurate, however, declaring his intention to attend the ceremony, despite any personal danger attendant upon the visit to St. Petersburg. Owing to the steps taken to protect him, there will be scant opportunity for terrorists to carry out their death threat against the monarch. He is expected to arrive there at 10 o'clock a. m., and will remain in the capital only three hours. The great fear of the Czar's advisors and relatives is that the summer garden has been planted with bombs by terrorists. About the only opportunity for an assult on Nicholas will be presented in this manner.

Looking to Their Interests.

Chicago, Aug. 31.—George W. Perkins of the J. P. Morgan Company, accompanied by several men in the high financial world of New York, arrived in Chicago early today. Conferences with prominent local attorneys are being held.

It is understood that the visit of Perkins has to do with two things. The harvester trust is about to be prosecuted by the government, and indictments may come early in the fall. Perkins was the guiding spirit in the organization of the harvester trust and members depend on him to steer the fight with the government. Local financiers assert that Perkins' visit has also to do with a national bank which J. P. Morgan & Co. are desirous of establishing in Chicago.

News of the Day.

A platform erected by a newspaper on the occasion of a lottery drawing at Oporto, Portugal, collapsed yesterday hurling to the ground about 500 persons, of whom 10 were killed and 80 injured.

Wm. J. Keenan, 72 years, one of the best known residents of Olneyville, R. I., committed suicide last night by inhaling illuminating gas. His death was at first thought to be accidental, but for a letter from him explaining his intentions.

All but eight of the ninety-two bridge builders who were working on the massive cantilever bridge under construction on the St. Lawrence river, nine miles above Quebec, which collapsed Thursday night, are believed to be dead. Of this number presumably thirty were Indians, twenty-five skilled Americans mechanics, and the rest French Canadians.

Running at the rate of a mile a minute, the Manhattan limited, due at Harrisburg, Pa., at 7 o'clock yesterday evening, had the most remarkable escapes. The limited struck a box car that was standing too far out on a switch near Huntingdon, a few miles west of Harrisonburg "scalping" the engine, taking the cab off clean, and ripping the sides of the seven Pullman cars the entire length of the train without scratching a passenger or injuring the engineer or fireman.

Death came shortly before 9 o'clock last night in Boston to the Most. Rev. John J. Williams, archbishop of the Boston diocese, dean of the hierarchy of the Roman Catholic Church in America, and for a generation or more the spiritual head of that faith in New England. The venerable archbishop returned from Rochester, N. Y., last week, where he had been taken suddenly ill. He was in a serious condition when the last sacrament of the Church was administered to him, and yesterday afternoon he began to fail rapidly. The archbishop's death was due to stomach trouble. Archbishop Williams was 85 years of age and had been in the ministry since 1846, and all the time in Boston.

MR. CARLIN AT THE CAMP MEETING.

In its account of the camp meeting at Benton's Wood, in Loudoun county, which closed on Monday, the Loudoun Enterprise says:

Rev. E. V. Regester, P. E, introduced the Hon. C. C. Carlin, who had been invited to address the Sons and Daughters of the Confederacy. In presenting Mr. Carlin, the distinguished divine paid his fellow-townsman one of the most beautiful and graceful tributes to which we have ever listened.

Mr. Carlin's appearance was the signal for a storm of applause, which was heightened and accentuated by the genuine "rebel yell." After acknowledging this ovation, and feelingly responding to the splendid introduction he had received at the hands of so good and pure a source as that of his beloved pastor, Mr. Carlin addressed himself to his subject and for about forty minutes held his vast audience spellbound by his eloquence. In the course of his address he pointed out to the old veterans that the legality of their position and the correctness of the principles for which they fought had been repeatedly and invariably confirmed by the United States Supreme Court in an unbroken line of decisions. He assured the veterans that the Sons and Daughters of the Confederacy would not only stand for them now but they would in days to come teach their children and their children's children to guard well the memory of the gallant deeds of their brave and heroic sires. After paying beautiful tribute to Lee, Jackson, Hunton, Payne, Dulany, White and others, he urged the Sons and Daughters to erect monuments of love in their hearts to commemorate the deeds of valor of the private soldier who marched in the ranks, carried his gun on his shoulder and did the real fighting.

Mr. Carlin's speech made a fine impression upon his hearers and called forth much applause.

Col. Edmund Berkeley, the veteran commander of the old 8th Va. Regiment, was then introduced and after some pleasant and appropriate remarks proceeded with the delivery of his poem on the battle of Gettysburg, and a grand production it was, but unfortunately, with the incessant hum of voices around the outskirts, many of the beautiful sentiments it expressed were lost on those who were anxious to hear.

THE TWO CENT RATE.

The State Corporation Commission yesterday ordered that the notice to the railroads of the state regarding the enforcement of the two-cent passenger rate be published in Richmond, beginning Monday of next week, the rate to become effective October 1.

This order is to force the following roads to give the rate of two cent a mile for all passenger traffic, the rate to be the maximum: The Richmond, Fredericksburg and Potomac, the Washington Southern, and Seaboard Air Line, the New York, Philadelphia and Norfolk and the Virginia Southwestern.

The Southern, the Norfolk and Western, the Atlantic Coast Line and Chesapeake and Ohio, the Louisville and Nashville, the Chesapeake and Western and the Virginia and Kentucky are not included in the order, these roads having obtained an injunction against the commission against the order, the case now being in the United States Court. These latter roads, however, have decided to inaugurate the two-cent fare, as agreed between counsel for the State and for the companies until the final disposition of the case in the federal courts, and the new regulation will become effective at the time fixed in the order of the commission for the other roads to recognize the law.

The Richmond, Fredericksburg and Potomac, the Seaboard, the New York, Philadelphia and Norfolk, the Washington Southern and the Virginia Southwestern were not parties to the struggle in the courts, and they are not involved in the controversy now pending.

There are 22 other roads doing business in this State, and these will have to observe the order of the commission, but the rates vary on these lines from three to three and a half cents a mile, the commission having considered each road independently, with due regard for its earning capacity and the volume of business accepted in the past.

Despondent on account of poor health Susanna Bonet, twenty-three years of age, yesterday committed suicide in Norfolk by hanging herself in her bathroom. The girl's father, Leo Bonet, is a sculptor, employed at the Jamestown Exposition, and he says that she once before attempted to take her life.

Mrs. E. M Spilman, wife of E. M. Spilman, late judge of Fauquier county court, died at her home, near Warrenton, Thursday evening from a complication of diseases, aged seventy-six years. Mrs. Spilman was formerly Miss Eliza Day, daughter of Baldwin and Lucretia Day of Warrenton. She is survived by her husband and eight children.

Theodore Helmer is dead and his brother, George Helmer, is in a critical condition as the result of a cutting affray at Newport News. Dan Waterman, a riveter, employed at the shipyard, is in jail, charged with the murder of Theodore Helmer. The fight seems to have been the result of an old fued between Waterman and the Helmers.

TUCKER SOCIAL HEAD.

A dispatch from Norfolk says President Harry St. George Tucker, of the Jamestown Exposition Company, has been vindicated in his contest with Director General James M. Barr over the management of the social affairs of the exposition. Mr. Barr says he also is satisfied.

Charles W. Kohlsaat, whom Mr. Barr appointed social and diplomatic representative of himself and the exposition, will not retain his connection with the fair. This was the result of a meeting of the exposition directors and numerous conferences yesterday afternoon and last night.

Mr. Tucker gave out the following interview:

"My position has been entirely vindicated. It was made clear that the director general did not mean to interfere with my duties as president of the exposition.

"The result of the matter is to establish the fact that I am the special head of the exposition and that Mr. Barr is the business head of it.

"Mr. Kohlsaat could not remain with the exposition. He resigned. Mr. Grundy, of Richmond, will be Mr. Barr's special secretary, and will report to and be responsible to him. He will arrange the details of each entertainment which may be given, but I will do the entertaining and the director general will pay the bills."

Mr. Barton Grundy is eminently qualified for the exacting position of social secretary.

Telegrams from all over the State poured into the Exposition yesterday. They were mainly protests against the position assumed by Mr. Barr, and urged that Mr. Tucker to be vindicated. The senders of many of them threatened to withdraw their support from the Exposition if President Tucker should not be vindicated. One of these, with about twenty signatures, came from the Shenandoah Valley. The first signature on it was that of Marshall McCormick, of Berryville.

A committee of the board of directors, composed of Joseph Bryan, of Richmond; T. S. Garnett, E. T. Lamb, C. Brooks Johnson and O. D. Batchelor, here issued an official statement, setting forth the terms of the settlement of the affairs which was assented to by both Tucker and Barr.

The entire matter is regarded as a compromise.

The whole affair is now regretted by every one. The wish is expressed on every hand that Prince Wilhelm had never come.

It was said yesterday that Mrs. Barr, wife of the director general, is ill as a result of the controversy. The whole affair grew out of a request from Mrs. Barr, herself in mourning, for tickets for her daughters' guests. The Barrs had not been invited. They had not been engaging in the social functions with Mrs. Tucker, and only those who had shown Mrs. Tucker social courtesies were invited to the fete champetre at the Army and Navy Club to meet the prince.

THOMAS BURROUGHS, P. M.

Today's Telegraphic News.

Burglar Killed.

New York, Aug. 31.—After twice attempting to asphyxiate an entire family with illuminating gas, that he might loot their flat undisturbed, an unidentified burglar was shot dead early today by Assistant Superindent Charles Verrall of the Metropolitan Art Museum. The thief entered the Verrall flat, at 225 east 83d street, by means of a rear fire escape, and turned on several gas jets, but was evidently frightened away temporarily, when Mrs. Verrall left her bed to care for one of her children. Surprised but unsuspicious, Mrs. Verrall turned off the gas and returned to bed.

Later in the night she was awakened again by a sensation of suffocation. She called her husband and children, found four jets pouring gas into their sleeping rooms, and went with the rest of the family to the adjoining flat of Thomas Kiernan, to wait until the Verrall's apartments were free of the deadly vapor. While at the Kiernan's the Verralls heard some one moving in their own flat. Verrall rushed back, revolver in hand, surprised the burglar at work and drove him through a front window at along the coping into the Kiernan apartments. Following, Verrall chased the man through the Kiernan flat to the kitchen, cornered him and shot him through the shoulder, breast and abdomen. The man died on his way to the hospital.

Attempt to Blow Up a House.

Cleveland, O., Aug. 31.—The police are today investigating an attempt to blow up the home of A. J. Johnson, a prominent corporation attorney in fashionable Euclid Heights, a millionaire suburb. Next door to Johnson's home is the residence of former Governor Herrick. Late last night a bomb was thrown from the street. It fell short of the house, tore a big hole in the yard, blew out the windows and tore off a corner of the house. Police say had the bomb struck the house it would have completely wrecked it.

Johnson has been selected to represent the present street car interests in a joint debate with Mayor Johnson on three-cent fare at the Labor Day picnic Monday. Johnson believes that the bomb was meant for him because he was prominent in prosecuting a gang of rowdies which lately infested the neighborhood. The police believe that the bomb was intended to blow up the residence of former Governor Herrick and made a mistake in the house. The theory is that the thrower was an ex-convict who held a grudge against Herrick.

The Futurity Stakes.

Sheepshead Bay Race Track, N. Y., Aug. 31.—The smallest field ever carded will face the starter in the rich Futurity stakes here today, there being but eight horses whose owners are willing to pay the final starting fee despite the fact that this is the big race of the two-year-old horse world. The reason for this is not hard to ascertain as all are afraid of Colin, the unbeaten son of Commando-Pastorella, who will carry the white with blue polka dots of the veteran financier and turfman, James R. Keene. He, on paper, seems to have the race already won, but horsemen here are asking whether history may not repeat itself and some other racy piece of horseflesh lead home the betting favorite. The Keene stable has been unfortunate in the past. Sysonby, the best horse that ever carried the Keene colors, was beaten in his year by Artful, a maiden from the Whitney stable, while last year, it will be remembered the Keene entry, favorite in the betting, took place money behind Electioneer.

The Late Richard Mansfield.

New London, Conn., Aug. 31.—Telegrams and cable messages from all parts of the world continued to pour into Mrs. Mansfield today expressing sympathy and sorrow because of the death of her husband, Richard Mansfield. The funeral will be held Monday at the Mansfield home. Rev. Alfred Poole Grint, rector of St. James Episcopal Church of this city, will officiate. Pallbearers will be selected from among the personal friends of Mr. Mansfield. It is probable that the services will be simple. The remains will be placed in a vault in a small cemetery known as the "Gardner Yard," near "Seven Acres." This is where the former owners of the estate are buried, and it is stated that Mr. Mansfield expressed a wish a few days before his death to be placed there.

Richard Mansfield's estate is valued at $900,000.

Vesuvius Causing Apprehension.

Naples, Aug. 31.—Another eruption of Mount Vesuvius is feared. Smoke is issuing from the crater, hot water is being thrown out and deep rumbling noises come from the interior. These premonitory symptons of an outbreak by the noted volcano are more severe than were the warning signs which preceded the eruption in March, 1906, when such enormous damage was caused. The greatest alarm exists throughout the district usually affected by an eruption, and many persons are leaving the surrounding villages and towns. The volcano has been quiet since the 1906 eruption until within the last few days.

The Insult to Merry del Val.

Rome, Aug. 31.—For the first time in nearly forty years there have been direct communications between an Italian Magistrate and the papal Secretary of State. The authorities are investigating the demonstration at Marions on Aug. 16, when a mob hooted Cardinal Merry del Val, the Pope's Secretary of State, as he was driving through the village. The Cardinal's statement regarding the demonstration is wanted and the magistrate will go to Castel Gandalfor to interrogate him.

Fire in Jersey City.

New York, Aug. 31—Last night's Jersey City fire, in which one entire block of buildings was consumed and 100 families were rendered homeless, is estimated today to have done $500,000 damage. During the fire, 300 horses belonging to the Unvalde Asphalt Company were turned loose in the street to the imminent risk of the throng of spectators.

Rising from the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 50c.

The War in Morocco.

Tangier, Morocco, Aug. 31.—A new danger is now threatened Moroccan towns. Bandits are threatening almost every town of any consequence. Even Tangier is in great danger.

There is practically no police protection. During the last two weeks conditions have been growing worse. Numerous robberies have resulted and murder has added in several cases to the depredations.

The country between Tangier and Fez is practically at the mercy of Raisuli and his bandits. Advices today state that another force of royal soldiers under Caid Abd-el. Kader has been defeated and routed by tribesmen.

There are not enough forces in this city to repulse the Moors if an attack is made in forces unless warships arrive. The situation is so alarming that consuls of the various powers have selected places of refuge and warning has been given to all foreigners to gather at these points in case of danger.

Volunteer guards of foreigners are being organized for the protection of their homes and property.

The fears for foreigners here have been increased by the report that members of Raisuli's band have entered the city in small parties and are ready to attack defenders of the city inside in case of an assault from the outside.

[illegible] which cost the lives of 15 and the injury of half a hundred, was immediately placed on the shoulders of Motorman Benjamin McCleary, when it was found he had disappeared immediately after the crash. Authorities investigating the affair today expressed the opinion that he cannot be held blameworthy, and state that no charges will be preferred against him. The tragedy has cast a gloom over the entire city. Theaters have been closed and will remain so until after the funeral of the victims. During the three years that the road has been operating three wrecks have occurred. A dozen persons were killed in a wreck in August two years ago. Two cars met on a curve last September and fifteen were injured.

Taken from Hospital and Lynched.

Bluefield, W. Va., Aug. 31.—A negro, mortally wounded, was taken from the Miners' Hospital at Welch, today and lynched. Several days ago an unknown negro was trying to steal a ride on a freight train when Conductor Sidney Bolton ordered him off. The negro replied by shooting Bolton, who in turn shot the negro. Bolton died yesterday. His friends proceeded to the hospital last night, overpowered the guards, physicians and nurses, took the helpless negro to a near by tree and lynched him.

Harriman to Appear.

New York, Aug. 31.—E. H. Harriman will positively appear before the Interstate Commerce Commission on Tuesday at the federal building here to answer questions regarding the manner of his obtaining control of the Chicago & Alton Railroad which he refused to answer when he was formerly examined. This announcement was made today by Francis A. J. Kellogg, special acting attorney general counsel for the Interstate Commerce Commission.

The Telegraphers' Strike.

New York, Aug. 31.—The striking telegraphers are still saying they are sanguine, and will eventually win in conflict with the companies. They say that members of the operators who took their places have deserted their parts. Officials of the two telegraph companies however, deny that any of their men are deserting. They repeat their statements that the strike is over.

Convicted of Bribery.

San Francisco, Aug. 30.—It took the jury in the case of Louis Glass, Vice President of the Pacific States Telegraph and Telephone Company, but one ballot to decide that the telephone official was guilty of bribery. The verdict was rendered late last night. Glass was indicted for bribing Supervisor Lonegan in connection with a franchise.

Mysterious Death.

New York, Aug. 30.—The police believe they have discovered a case that will have astounding developments when Grace I. Bothler today was found dead in her apartment at 248 west 46th street. A pistol shot caused the death. The woman's husband and brother were placed under arrest on suspicion.

A Denial.

Lexington, Ky., Aug. 31.—Commonwealth's Attorney Franklin emphatically denies that representatives of the Commonwealth of Kentucky met Senator Binkley, of Indiana, in Cincinnati and offered $93,000 for the return of former Governor Taylor.

Archbishop Williams Successor.

Boston, Aug. 31.—The successor of the Right Rev. John Joseph Williams, as archbishop of the Catholic diocese of Boston, is former Coadjutor William H. O'Connell. Archbishop O'Connell was born in Lowell, Dec. 8, 1859.

Terrorism at Lodz, Russia, is widely spread here today. A terrorist shot and killed a detective and a soldier who were riding in a street car. When the police rushed up and fired at the terrorist four pedestrians were wounded and it is believed the terrorist escaped without being injured. Five terrorists have been executed in the citadel at Warsaw during the last week.

The arrest of Harvey Derhme and the flight of his companion while they were acting suspiciously in the National Park Bank of New York, today, gave rise to a report that they were planning to rob that bank.

At Odessa, on Saturday an artillery officer and a policeman were killed by the explosion of a bomb which they had recently seized, and five policemen were seriously injured.

The new agreement between Russia and England, relative to Asian affairs was signed today. Official announcement of the action has just been made.

The shooting took place about 6 o'clock yesterday evening in the southern section of the city. Brown was brought before the Police Court this morning and fined $10. Another colored boy was implicated in shooting, and he will be arrested.

ADDRESS TO SUNDAY SCHOOLS.

Mr. L. J. McIntosh, secretary of the Virginia State Sunday School Association, will address the Sunday school workers of Alexandria, in the Second Presbyterian Church at 4 p. m. tomorrow, on the necessity of a city Sunday school association to promote, through the united efforts of all denominations, greater interest and efficiency in the Sunday schools, and to keep aroused in the public mind and conscience the sense of their value and importance. All Sunday school workers and those interested are invited.

APPEAL ALLOWED.

In the State Court of Appeals yesterday a writ of error and supersedas was awarded in the case of the Southern Railway Company against Turner, from the Circuit Court of the county of Orange. Turner was a brakeman on the Southern, and he claimed that by reason of defective apparatus he was compelled to get between cars to couple them, and that in doing so he was injured. He brought suit for $12,000 and the jury which tried the case awarded him $5,000.

CHANNEL THROUGH FLATS.

The digging of the seven-foot channel through the flats on the opposite side of the river, a stort distance south of Shepherd's, has been completed by John Miller's dredging maching. The channel was dug for the purpose of affording a safe way for sand and gravel carrying scows of the John Miller Company to go in and out from Goose Egg Island, where sand will be dug for building purposes in Washington.

RAILROAD SAFEGUARD.

A device by which it is possible to check a train automatically, and incidentally display danger signals on the cab of the engine, was officially tested on the Southern Railway, at Cameron Run, near this city, yesterday afternoon, before the Interstate Commerce Commission block signals and train control board. The system tested was the Buell cab signal and control system. The device worked satisfactorily.

The Alexandria firemen who have been attending the twenty-first annual convention of Virginia firemen in Newport News will return tonight via the Norfolk steamer Newport News arriving here about 8:30 o'clock. The Woodstock and Strasburg companies will accompany them. The companies will form in line at the wharf, and headed by the drum corps, proceed up King street to the Columbia engine house where a collation will be spread.

Championship reel races which came off at Newport News yesterday morning brought to a close the twenty-first annual convention of the Virginia State Firemen's Association, which began there Wednesday.

Woodstock won the State championship by making the run of 100 yards, laying a line of hose, connecting and throwing water in 30 3-5 seconds. This victory gave Woodstock custody of the State trumpet and a cash prize of $100. Second in this race was the team of Covington company, No. 1, which captured the second prize of $50 by making the slow time of 34 1-5 seconds.

In the race open to the world, the Strasburg team, which had lost the State race on a fluke, carried off the [illegible] having a stream of water in 27 4-5 seconds after [illegible]odstock took the second this race.

UNION SURRENDERS CHARTER.

The union was formed this spring with a large membership of the employees of the W., A. & Mt. V. Railway. The railway officials from the first refused to recognize the organization, and a number of employees who had been prominent in its formation were discharged and their places filled by men not affiliated with unions. The Trades Council of this city held several meetings for the purpose of taking action in the matter, but the issue between the company and the union was finally dropped.

FATAL RESULT OF FEUD.

James D. Money, jr., was instantly killed and Col. James Money, sr., a brother of United States Senator H. D. Money, was fatally wounded by Grover Kirby, a young man under twenty years of age and their neighbor, yesterday afternoon at Money Station, near Greenwood, Miss. The details of the tragedy are lacking, except that young Money, standing on the porch of his store, was instantly killed by Kirby, who fired a magazine rifle from the porch of the Henderson store, near by. When Col. Money emerged from the doorway with a rifle he was dropped also by Kirby. The tragedy is the outgrowth of the killing of L. J. Henderson some months ago by young Money, and for which Money was recently acquitted. Kirby is a brother of the widow. He and his two brothers have been taken into custody.

ST. PAUL'S CATHEDRAL.

The committe of architects which was appointed to inquire into the condition of St. Paul's Cathedral in London has issued a report which declares that while the catherdral is in no immediate danger, elaborate percautions are necessary to preserve it from disaster. The cathedral has been sinking for two centuries, and the expert committee recommends that the condition of the subsoil and the state of the water level be periodically recorded as there lie the chief possibilities of future danger. It is added that attention should be given to all building operations in the neighborhood, or mischief of a serious nature may arise. The committee recommends that the large amount of structural work required in repairing the fabric be proceeded with at once.

MATUSHENKO HANGED.

Matushenko, the Russian noncommissioned officer, who led the mutiny on the battleship Knisz Potemkine, and commanded that vessel on its sensational cruise about the Black Sea in the summer of 1905, was hanged Thursday evening at Sebastopol, to which place he was secretly removed after his arrest in Odessa, August 25, and where he was tried by court-martial and sentenced to death. After abandoning the battleship at Kustendje, Roumania, Matushenko went to New York, where he worked for two years in an iron foundry. Homesickness led him last July to return to Odessa, where the attention of the police was directed to him, and he was arrested with other members of a revolutionary organization which had been formed under his leadership.

What is medicine for? To cure you, if sick, you say.

But one medicine will not cure every kind of sickness, because different medicines act on different parts of the body. One medicine goes to the liver, another to the spine, Wine of Cardui to the womanly organs. So that is why

Wine of Cardui

has proven so efficacious in most cases of womanly disease. Try it.

Mrs. Wm. Turner, of Bartonville, Ill., writes: "I suffered for years with female diseases, and doctored without relief. My back and head would hurt me, and I suffered agony with bearing-down pains. At last I took Wine of Cardui and now I am in good health." Sold everywhere, in $1.00 bottles.

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,
aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

FOR STATE SENATE.

To the Democratic voters of the 14th Senatorial district:

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,

R. E. THORNTON.
